## Tarras Rural Fire Brigade

Finally, after the two previous attempts to have it delivered were canned by officials, spooked by a flu virus, almost three months later it is now here.

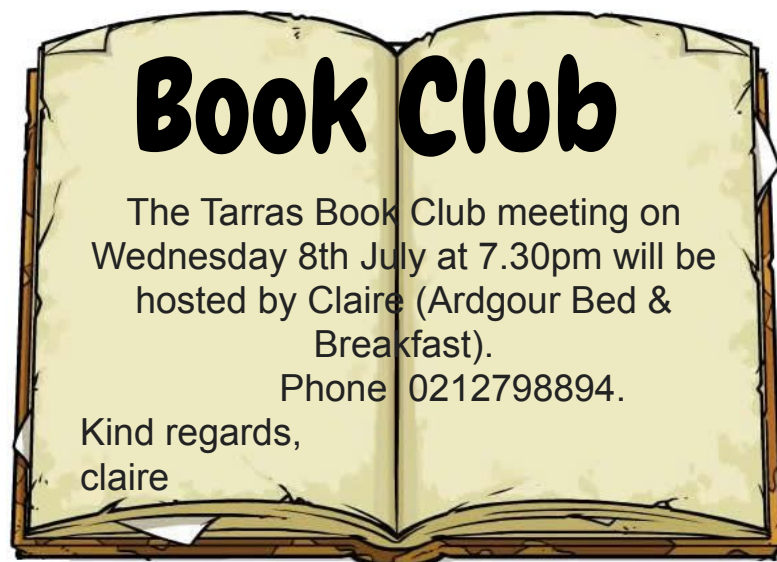

This appliance is a big step forward for the Tarras Rural Fire Brigade. It is 4WD, carries 6 firefighters, 3000 litres of water, and has a simple but quite powerful pumping system that will allow us to pump and run and use foam. It is also 40 years younger than the truck it is replacing. Thanks must go to Graeme Still, the Principal Rural Fire Officer in Dunedin for obtaining this asset for us. One of the considerations involved is the projected growth in Cromwell and surrounding district over the next ten years.

There has only been 2 non fire call outs over the Autumn period.

With the current cold and foggy weather and probably more cold to come it may be well worthwhile getting chimneys cleaned, if not already done.

Please continue to email [tarrastalk@gmail.com](mailto:tarrastalk@gmail.com) by the last Saturday of the month. If you too would like to be included in the reminder email, send me an email and I will add you to the list.

# TARRAS SCHOOL

Kia Ora

Term 2 ends on Friday 3rd July - the students and staff have coped tremendously with what seems to be a never ending term. Students will return to school on Monday 20th July.

Students enjoyed the recent snow drop and played outside experiencing snowball fights and freezing fingers, this whole experience led into some outstanding writing.

Students will host an open classroom on Wednesday 1st July from 1.30 - 2.30 to share all their amazing work from Term 1 and 2.

Art work about the students favourite day will be on display at The Wanaka Community Hub from mid July to August, pop along and see their work along with other schools artwork.

Thank You to Central Lakes Trust who have provided a Covid-19 grant to support student wellbeing, this will be used to fund the students ski programme up at Cardrona. Thank You to FOTS who also fund part of this.

Tarras School would like to thank AP Designs and Framing in Wanaka for assisting us in framing some of the students amazing artwork. The native animals created in watercolours is a piece of work for the students to be really proud of and the framed matting gives it real importance.

Current Roll : 11

Enjoy the rest of winter

## ORIGAMI DAFFODIL

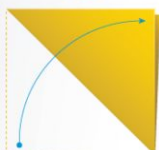

THIS SIMPLE ORIGAMI FLOWER IS A GREAT BEGINNER'S ORIGAMI. MAKE SOMEONE YOU KNOW AN ORIGAMI DAFFODIL AND BRIGHTEN THEIR DAY

### YOU WILL NEED

1x Glue 6x Squares of yellow paper

### HOW YOU DO IT

1

Fold the square on the diagonal.

2

Rotate the paper so that you have the long side of the triangle sitting horizontally on the table. Fold the left hand corner of the triangle up to meet the centre.

3

Fold the right hand corner of the triangle up to meet the centre.

4

You now have a diamond shape with a split up the centre. Each side will be a triangular flap. Fold each flap back, to meet the lower right hand diagonal edge and lower left hand diagonal edge of the diamond respectively.

5

Now open up each of those new flaps you created, and then flatten them out to make each one a kite shape.

6

Fold the pointy flap of each kite shape down, to line up with the diagonal edge of the main triangle behind.

7

Now fold each side flap in half towards the centre, to meet its other edge ("a" meets "b").

8

Curl one side over and glue the two top flaps together to create your first petal.

9

Make five more petals and glue them all together along their side edges to create a daffodil with six petals.
